Warranty Conditions

The conditions below describe the prerequisites and scope of our warranty. They do not affect your statutory rights or the obligations of your retailer and your contract with them.

We provide warranty cover for this appliance subject to the following conditions:

1. In accordance with the under-mentioned conditions (items 2 - 6), we will rectify defects affecting the appliance which are clearly attributable to material and/or manufacturing faults, provided they are reported immediately after being identified, and within 12 months of delivery to the initial end user. Additional cover of 12 months (24 months in total) can be provided to domestic users, subject to registration.
2. Service may not be available to all the islands around the UK and Ireland. Please check with your retailer or contact our customer service department.
3. The warranty will not extend to fragile items such as glass or cosmetic parts or consumable items such as light-bulbs. Warranty liability will not be triggered by minor variances from nominal features which are of no significance to the appliance's value or fitness for purpose, or damage caused by the chemical or electrochemical effects of water and generally by exceptional environmental conditions, inappropriate operating conditions, or the appliance having come into contact with unsuitable materials. Likewise, no warranty liability will be accepted if the defects stem from transport damage for which we are not responsible, improper installation and assembly, improper use, poor maintenance or failure to observe operating or assembly instructions.

We reserve the right to invalidate the warranty: -

a) If repairs or other interventions are performed by persons not authorised by us to take such action, or if our appliances are fitted with non-original spare parts, extras or accessories.

b) In the event of physical or verbal abuse towards any member of staff

4. Warranty provision will be free of charge and we will decide whether this will take the form of a repair or the replacement of the appliance. Small appliances or vacuum cleaners that can reasonably be transported or posted may need to be handed over or shipped to our customer service centre. All other appliances will be repaired on site. A purchase receipt with date of purchase or delivery must be presented in each case. Replaced parts pass into our ownership.

5. In the event of a replacement appliance being supplied, we may charge an appropriate monetary offset in respect of the period of use already enjoyed.

6. The provision of services under warranty neither extends the term of the warranty nor sets in motion a new warranty period. The warranty period for spare parts fitted ends with the expiry of the warranty on the appliance as a whole.

7. Other claims in respect of compensation for consequential loss are excluded, except where such liability is legally mandatory.

These warranty conditions apply to appliances purchased in the United Kingdom and the Republic of Ireland. If appliances shipped to other countries feature the appropriate technical conditions (e.g. voltage, frequency, gas-types etc.) for the climatic and environmental conditions in the country concerned, the terms of the warranty will apply, provided a local customer service network exists. Appliances purchased outside the United Kingdom and the Republic of Ireland are subject to the warranty conditions published by the appropriate local representative office of that country. These can be obtained via the specialist dealer from whom you bought the appliance, or directly from our local representative office.
